Amended June monthly & Amended 30 day Post General

In response to the FEC's inquiry dated September 2, 2009 listed below is our response to items 1

Item 1
You questioned 2 potential excessive contributions. .
We agree with you that one of the contributions was excessive. It appears that the Hagestad contribution was excessive.

These monies have been re attributed to our non-federal account and a corrective transfer was made on October 8, 2009.
In regards to the Hotchkiss contribution; we are still investigating if that amount should have been attributed between husband & wife. We believe we will have the answer by next week. We will address that issue when we get the correct answer.

We apologize for not responding timely on this one contribution
Sincerely,

Fred Arjani
